Phone: (270) 328/674-2656 • Fax: (270) 328/674-1561

The Healthy at School Guidance which outlines requirements and best practices for in-person instruction was updated on August 31. The update requires that cloth face coverings be worn by faculty, staff, and students in 1st through 12th grades at all times while in the school building or while riding the bus. Face coverings will not be required for students with a medical waiver. Face coverings will be allowed to be lowered while eating, drinking, or while being outside with a distance of six feet or more from others. This is a change from previous guidance that required face coverings be worn any time that social distancing of 6 feet could not be maintained.

We appreciate your continued support and cooperation as we work to provide the safest and healthiest instructional environment for all students, faculty, and staff.
