

LEA Submission of Findings and Recommendations

Area of Assessment: Nutrition Services

Findings:

Refer to the Healthier Alliance Assessment

Recommendations:

School-level collaboration for student nutrition education (NFA-S16).

Nutrition services staff and teachers will collaborate to provide nutrition education opportunities at least once with each grade of students.

Area of Assessment: Physical Activity

Findings:

Refer to the Healthier Alliance Assessment

Recommendations:

Opportunities for student physical activity (PEA-S11).

Collaboration between PE/Health teachers district-wide to implement best practices regarding PE/Health curriculum through professional development. Assist PE/Health teachers in applying for National Health School Awards.

Area of Assessment: Employee Wellness

Findings:

Refer to the Healthier Alliance Assessment

Recommendations:

The school offers opportunities for staff gratitude (SWB-S9).

Promote staff gratitude through professional development learning opportunities, assessing staff gratitude styles, alignment of gratitude styles to staff preferences, and annual data review.
